Old ITI Ground

**Krushna Lahoti
Prerna Yadav**

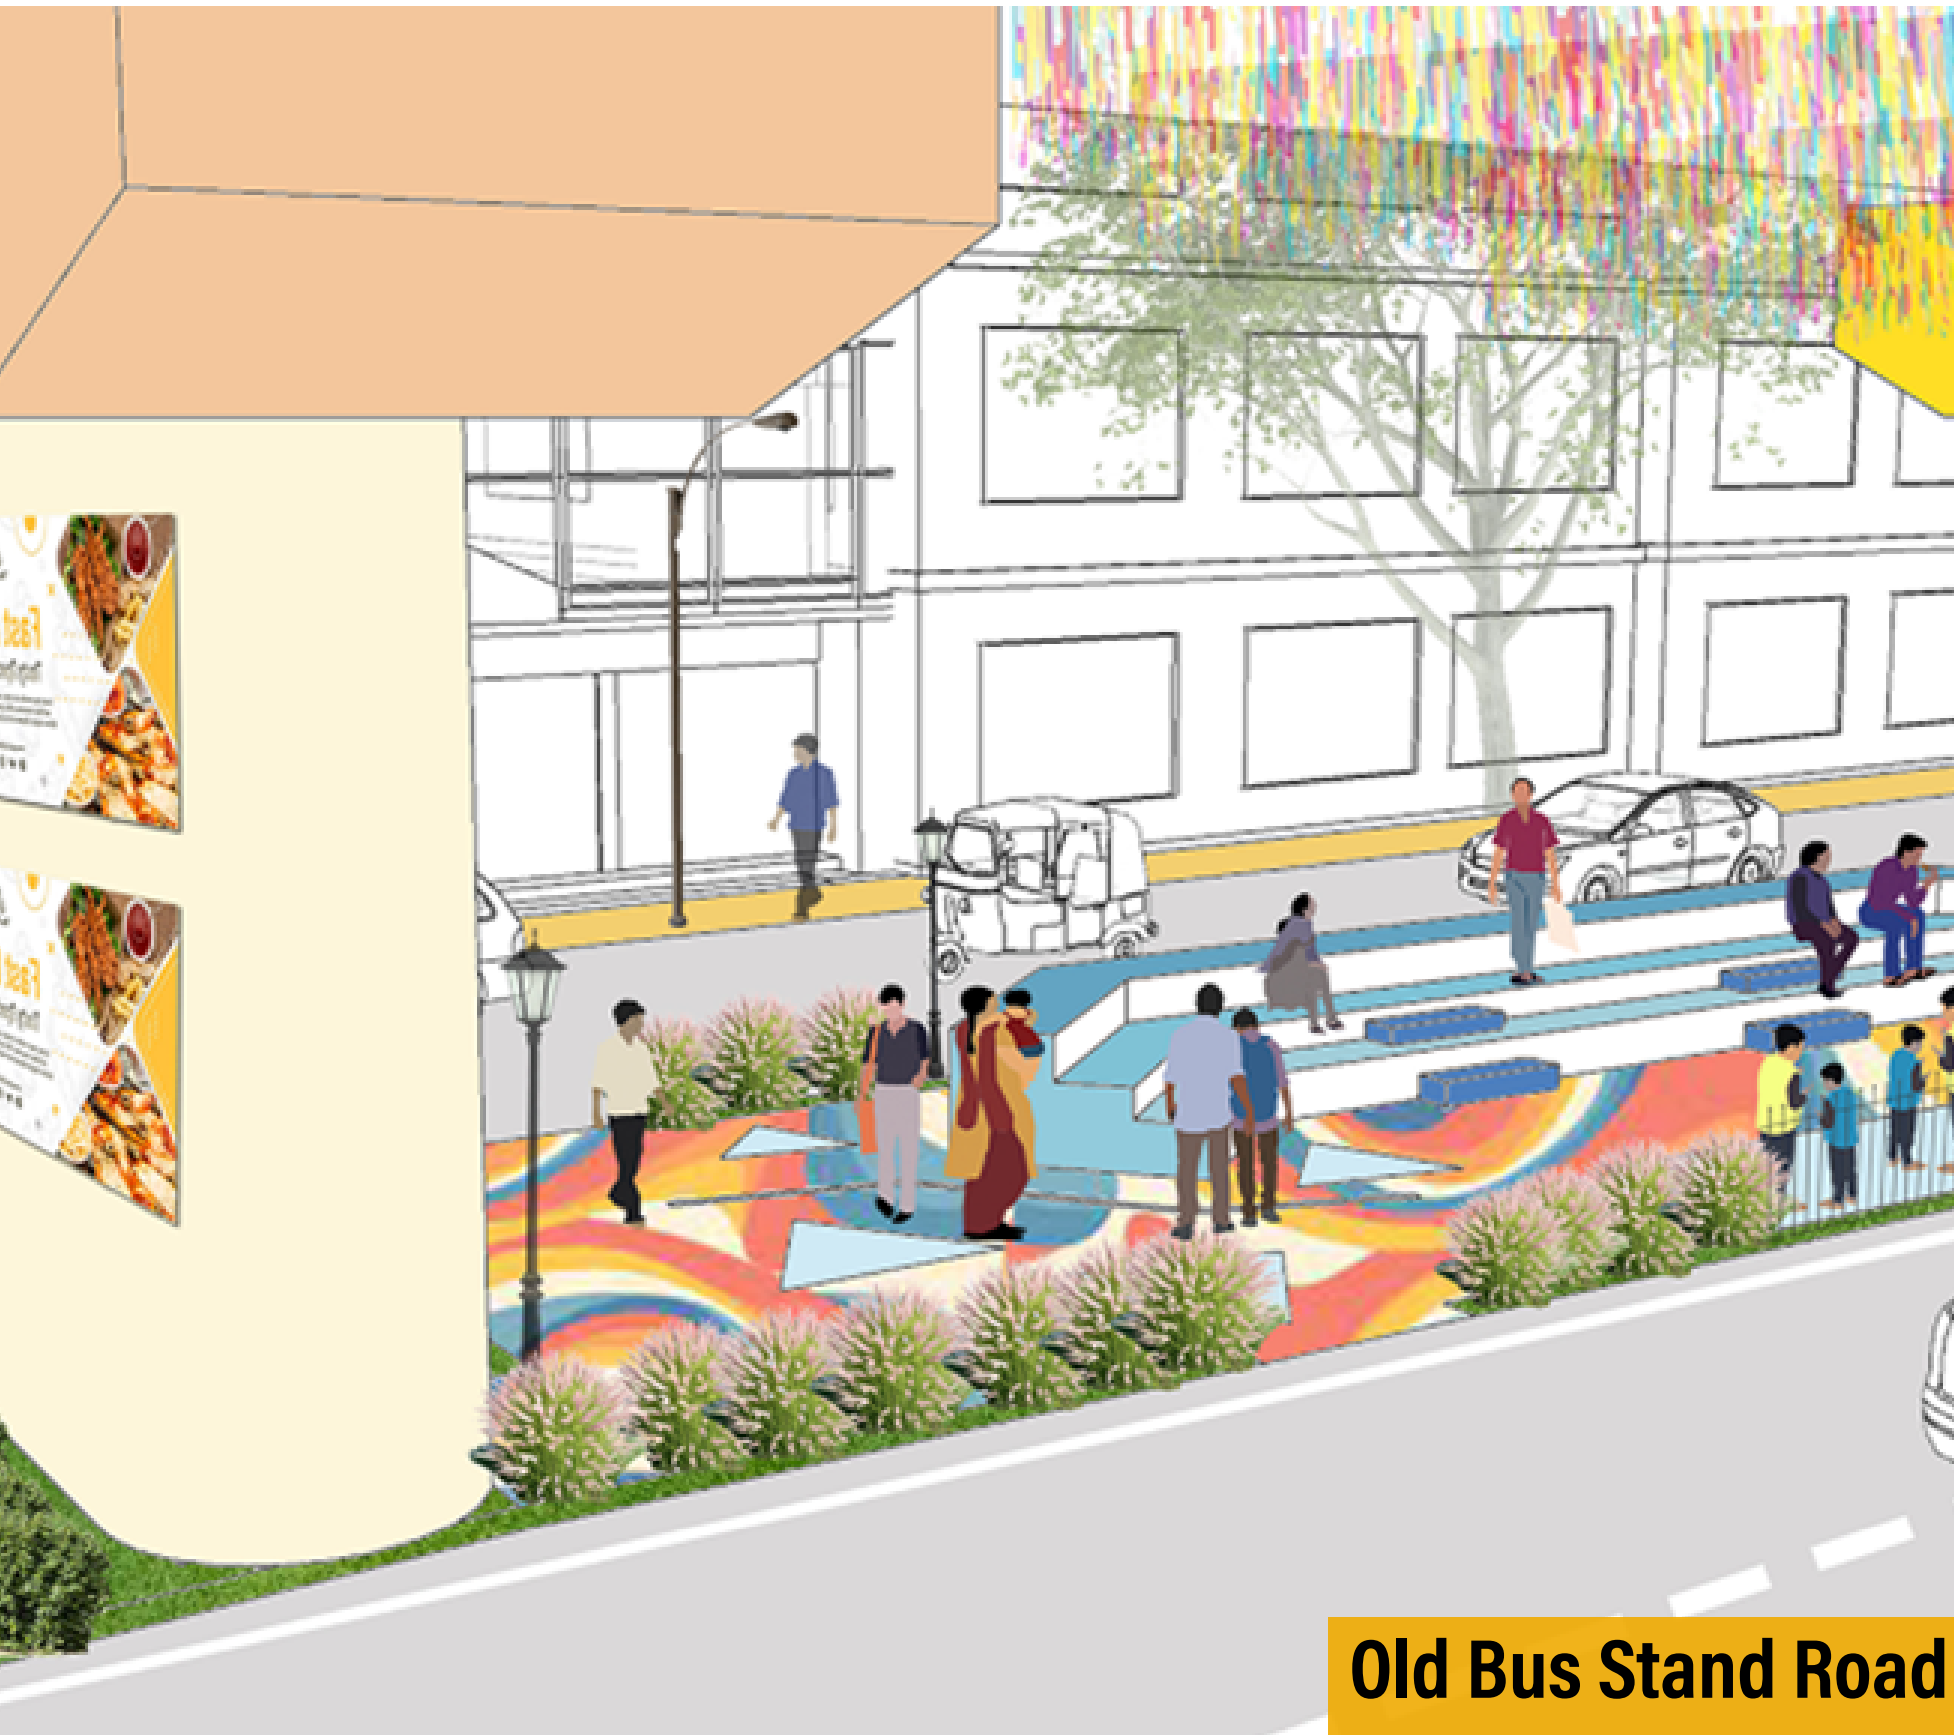

Rohtak Road 1

Team members

**Chandrayee Mitra, Disha Mukherjee
and Simran Sheoran**

The design aims to create a vibrant and inclusive environment that caters to all road users. Rooted in Rohtak city's heritage, the design embraces the city's existing character while providing safer and more comfortable infrastructure.

Team members
Shashank Verma and Dhvani Trivedi

The design aims to create a vibrant space under the flyover, offering recreation parks, public art and dedicated parking zones. The vision is to create a "stop" where people can shop, relax, and enjoy.

Elevated Railway Track

Team members

Ackriti Kacker, Pavithra Selvam and Poulomi Naskar

The design aims to create an 'Eco Path,' a lively and environmentally friendly space with a cycle track. The aim is to design a street that has spaces for people to socialize and engage with the community. The plan also includes activities that can create jobs and make good use of the space.

Old ITI Ground

Team members
Krushna Lahoti and Prerna Yadav

The design seeks to infuse the ground with diverse activities catering to different social groups and transform it into a safe and inclusive place. The design includes gateway plazas, a recreational court, a food court and a celebration ground.
